

Dear Dr. Popper,

Hope you had a wonderful  
Holiday. Wanted to Thank you &  
your staff for being so kind &  
considerate when I had my implant  
surgery. Special thank you to  
you for encouraging me to proceed,  
But most of all for understanding  
my unfounded fears. You have  
hands of gold & are a genius.  
Now I can't wait to get my  
real teeth.

Happy New Year  
to all

Love

Deane
