

5-Year Warranty Against Porcelain Fractures

5-Year Premium P3 Warranty

On all 360 degree P3 Zirconia™ Crowns

A premium Procera P3 crown design comes with 360 degree porcelain support built into the Zirconia coping. For those patients that want a crown to last a lifetime, or for Doctors that never want to see a broken crown again, the P3 360 has the ultimate strength. In the event that the porcelain chips or fractures within 5 years on a 360 degree P3 design, you will receive the following:

\$100 lab credit to the Doctor
\$50 Check to your Patient

Along with a handwritten letter of apology.

5-Year Standard P3 Warranty

On all Standard P3 Zirconia™ Crowns

A standard Procera P3 crown design comes with interproximal, and lingual support built into the Zirconia coping. Many Doctors want to maximize the esthetics without placing the support on the buccal side of the crown. The average height of the Zirconia collar is approximately 2mm. In the event that the porcelain chips or fractures within 5 years on a Standard P3 design, you will receive the following:

\$50 Check to your Patient

Along with a handwritten letter of apology.

5-Year Warranty Against Porcelain Fractures

Our No-Hassle Remake Policy

ProCEREX wants to make sure all doctors and patients are well taken care of. All remakes will be free of charge to match the request of the original prescription form.

Our 5 Year Warranty Policy

We guarantee our work to be free from defects in materials and craftsmanship. All crown and bridge restorations will be constructed using the appropriate materials and the best practices of any well run dental laboratory and will conform to the written specifications provided with each work order.

Any crown or bridge restoration that meets the qualifications for remake and experiences a defect in materials or workmanship within a period of five years will be remake free of charge.

All our Procera® P3 Zirconia™ restorations come with an enhanced warranty for you and your patient. Please see the other side for details.

100% Genuine Procera® Zirconia Guaranteed!

FACT #1

Our Procera crowns are only built with Nobel Rondo porcelain which is purchased directly from Nobel Biocare. This porcelain is made by Nobel Biocare in Sweden.

FACT #2

We order our Procera Alumina or Zirconia copings directly from Nobel Biocare. The copings are manufactured by Nobel Biocare in New Jersey. As a result, the porcelain and the copings are certified to be free on any harmful contaminants. If you would like a copy of the MSDS sheets for any of the Nobel Biocare products that we provide, please ask.

FACT #3

Included with all of our Procera restorations is a certificate containing a unique serial number. This serial number is issued by Nobel Biocare and is a guarantee that your crown is a genuine Procera restoration. This certificate is proof that your restoration is 100% genuine Procera.

FACT #4

ProCEREX Dental Lab has taken the extra step to be FDA registered and regulated. Our FDA owner/operator # is 10024293.
