PRESENTS: **Jack D. Griffin, Jr., DMD**

“Success= Where Preparation Meets Opportunity... The Highly Efficient Practice (While Having Fun Doing It!)”

Dr Griffin has led an exceptional practice in St Louis County Missouri where he and his staff have maintained a 50-55% overhead for 20 years while doing all phases of general dentistry from high end cosmetic procedures to “every day” restorative and preventive care. Jack has a passion for sharing what he has learned for maintaining this top efficiency while being one of a very few number of dentists to be awarded by his peers Diplomat status with the American Board of Aesthetic Dentistry (ABAD), accreditation with the American Academy of Cosmetic Dentistry (AACD), and Mastership in the Academy of General Dentistry (AGD). His passion for teaching is only surpassed by his desire to learn. He has had many articles published in professional journals, and with several other articles in editorial review, he has been blessed to have journals ask him to write for them and for many to ask him to teach about his real passion, every day practice. Dr. Griffin has lectured for many prestigious groups. He been involved in product evaluation for many years and considers it a real honor to share what he has learned with others who want to better their practice lives.

Course Objectives

- The office – the layout, equipment, technology, and policies can all be the limiting factor for success
- The staff - “pay peanuts-get monkeys”, “It’s not about me”, motivation, set ME people free
- The schedule – schedule engineering, marketing, the office portfolio, digital media
- The doctor/staff skill- efficient, profitable every-day procedures that seldom fail ...right the first time
- Recession proof procedures – Direct composites, ortho, endo, implants, CAD/CAM and other things you didn’t think you would like to offer
