

Opalescence Tréswhite Supreme Whitening Trays

Do you want a brighter, whiter smile?

Now available ONLY from a dental professional, Opalescence Tréswhite Supreme: 10-day supply of upper and lower whitening trays pre-filled with 100% pure Opalescence PF (potassium-fluoride) gel.

- Use trays once a day, for 30-60 minutes per day
- Maximum whitening power, simple and easier to use than supermarket products
 - Prescription strength formula at an affordable price
- 10% hydrogen peroxide; retail whitening strips (Crest) only 6.5%
- Results differ in every individual and can last longer than 6 months – depends on factors such as drinking coffee/tea/red wine/dark soda, smoking and oral hygiene

have

After Care – Keep your teeth white. Once you have a whiter smile, you want to keep it that way. Opalescence Whitening Toothpaste is the perfect way to keep your smile in top form.

BEST results for whitening can be achieved by in-office, power whitening in an hour or custom take-home trays.

But, if you want a great "jumpstart" to a whiter, healthier looking smile before proceeding to a full whitening treatment, try the Tréswhite Supreme, available only from a dental office. You'll love your brighter, whiter smile!

Call our office at **408-377-5833** to reserve your SUPREME kit.

*The degree of whiteness will vary from person to person depending on the condition and structure of the teeth.
