Keeping You Informed

If you ask a dentist, they'll always say it's an exciting time to be part of the dental profession. Every day new advancements are announced, and I truly believe that it is vital that we share this news with you. That's why we send you our newsletter, and publish it regularly.

We have formulated a guideline for the creation of each newsletter:

(1) It must inform you about oral health to help you make educated decisions.

(2) It must teach you about our dynamic team of professionals, their special qualities, qualifications, and talents, and inform you about our practice events and updates.

(3) It must inform you about the cosmetic and restorative procedures we offer, and help you understand which options may be right for you.

If you have suggestions for our newsletter, please let us know!

Yours in good dental health,

Dr. Dennis Baik

Is Your Smile ... Spotted?

We can help

It was a great photo. You were caught in the middle of a "full-on" laugh. Then you noticed the old, silver, amalgam fillings and realized that your entire dental history is on display! No need to be self-conscious any longer. There is a simple and attractive solution to the problem.

According to research, the demand for natural-looking white composite resin fillings has surpassed silver amalgam by a ratio of more than 3:1! These fillings are more natural looking than amalgam, and have the added advantage of never discoloring surrounding or neighboring teeth as older amalgam fillings have been known to do. Modern materials and processes ensure that they are also durable, reliable, and predictable.

Because of these advantages and high consumer demand, we have recently restocked one of the finest composites available. This material

can be so precisely color-matched to your teeth that it will be invisible to the casual observer.

Let's talk about concealing, once and for all, your "dental history" with composite fillings. It can usually be done in only one visit or two, and

because your silver fillings could be upwards of 15 years old, your insurer may cover replacement costs.

Call us about this impressive improvement. Be laugh-out-loud confident ... whether you're in front of, or behind, the camera!
