DENTAL CARE

4945 Stone Falls Center  
O'Fallon, IL 62269

**618-624-2800**

"Bright Smiles for Life" is available to all of our patients for a one-time enrollment fee of \$99. We will replicate models of your teeth to create custom fitting whitening trays and provide you with professional whitening serum to lighten your pearly whites up to 5 shades on average. At every 6 month hygiene appointment, we will continue to provide you with whitening serum to use with your custom trays at NO additional charge to keep your teeth sparkly white **FOR LIFE!**

Participation in this program requires that you stay on track with your cleanings and check-ups (normally every six months) which will help reduce your dental expenditures and need for emergency care. As a courtesy, you must also agree to provide at least 48 hours advanced notice if you need to reschedule your appointment.
