

The Zaibak Center for Aesthetic Dentistry

Zack Zaibak, DDS | 708-802-9600 | www.drzaibak.com

Dr. Zack Zaibak, a licensed general dentist in the state of Illinois, has begun to emerge as one of the nation's leading authorities in aesthetic and general dentistry. A nationally renowned and preeminent educator, he has presented seminars and lectures for leading dental companies such as Lumineers and Invisalign. He has created beautiful smiles for media personalities, models, and brides, and has helped repair facial defects in both adults and children. He has been featured on ABC 7's segment, "TrendyTeeth" with Sylvia Perez, and in *The Star*, *Chicago Tribune*, *Chicago Sun-Times* and *CS Magazine*, to name a few.

Located in the south suburbs, just 30 minutes from downtown, The Zaibak Center for Aesthetic Dentistry offers the latest in dental technology, including the use of lasers for gummy smiles enhancement, Zoom II (a new teeth whitening procedure), Lumineers, and Invisalign. A strong advocate for utilizing minimally invasive techniques, the practice uses such groundbreaking methods as Lumineers—ultra-thin porcelain veneers that improve teeth which have been chipped, weakened, or discolored.

Dr. Zaibak received his BSD and DDS from the University Of Illinois School Of Dentistry. He has since continued to advance his skills by completing an advanced dentistry general practice residency at Loyola Hospital, earning his Masters, becoming certified in forensic dentistry by the United States Navy, and training under some of the world's most prominent cosmetic dentists. Dr. Zaibak is committed to understanding the needs and desires of each patient and takes great pride in providing the best that dentistry has to offer. Currently, he is working on his book named *Chicago's Million Dollar Smiles*, slated to be released mid-July. He is a member of The American Academy of Cosmetic Dentistry and The Chicago Dental Society.
