Dr. Zack Zaibak's philosophy is "to provide his patients with the latest dental material and conservative techniques available in dentistry today, in the most relaxed and non-threatening environment." Dr. Zaibak's areas of expertise are LUMINEERS, INVISALIGN, Metal Free Full Mouth Reconstruction, Smile Makeovers, Zoom II Power Teeth Whitening and Bonding. As a certified INVISALIGN Dentist and an (877) LUMINEER approved doctor, Dr. Zaibak is passionate about these two procedures and believes these products are two of the greatest advancement in the conservative cosmetic dentistry. His extensive training in LUMINEERS and INVISALIGN enables him to achieve that "Wow" smile using the most conservative cosmetic solutions available in dentistry today.
