Filing insurance claims is a service provided without charge and in no way relieves you of responsibility for your bill. Keep in mind that Dr. Vergara does not have a contract with the insurance company- *you do*. It is your responsibility to see that they pay on time. If claims have not been paid within 60 days you are responsible for the full amount immediately.

Our practice is committed to providing the best treatment possible for our patients and we charge what is usual and customary for our area. You are responsible for payment in full regardless of any insurance company's arbitrary determination of usual and customary fees.

I have read and understand the above. I further understand that I am financially responsible for all charges whether or not paid by my insurance.
