\_\_\_\_/\_\_\_\_/\_\_\_\_ Right Eye / Left Eye

## CATARACT Pre-Operative Instructions

**1. The Surgery Center Nurses will call you the day before surgery with a time to report for surgery. If this does not occur by 2:00 P.M., please call the**

- Birmingham Surgery Center (205) 271-8200
- Alabama Outpatient Surgery Center (205) 385-0700
- Callahan Eye Hospital (205) 325-8100
- Gardendale Surgery Center (205) 418-6021
- One Nineteen Surgery Center (205) 408-2550

2. Wash your face daily with Ivory Soap (additive-free) for 3 days before surgery.
3. Avoid facial/eyelid cosmetics for 3 days before surgery.
4. Do not eat or drink anything after midnight the day before surgery.
5. Bring all your medications, pre-operative and post-operative instructions to the Surgery Center the day of surgery.
6. You will receive prescriptions for VIGAMOX, PRED FORTE and ACULAR to be filled today. If your insurance does not cover these drops you may have a generic substitute if available.

**Start using all three drops 1 day before surgery to the surgical eye.**

**Shake well! Close your eye for 3 minutes after each drop.**

**Use drops day of surgery.**

	MEDICATIONS	DOSAGE
	VIGAMOX (or Ocuflax)	1 drop 3x a day
	PRED FORTE (or Prednisolone)	1 drop 3x a day
	ACULAR (or Ketorolac)	1 drop 2x a day

*If you have any questions or concerns regarding the procedure, our surgery coordinators would be happy to speak with you at (205) 592-3911, option 1.*
