### **HOLLY NADJI, DMD/PA**

Dr. Holly Nadji received her dental degree from Boston University Goldman School of Graduate Dentistry 16 years ago and completed her residency at Tufts University in Boston. Since her graduation in 1995, she has studied extensively in the areas of Cosmetic and Aesthetic Dentistry.

As a "Preferred Invisalign Provider" Dr. Nadji has been helping many Jacksonville and Ponte Vedra residents have beautiful smiles with Invisalign Clear Aligners. Invisalign is cutting-edge technology to achieve straight teeth without metal with a series of aligners. Aligners are invisible, removable and very comfortable. In fact, Dr. Nadji wears invisalign herself. Dr. Nadji's passion in dentistry is helping her patients with life-transforming smile makeovers which naturally lead to happier, more confident lives!

Dr. Nadji is also an active member of Health for Humanity, a channel of providing volunteer dental care to Third World countries. She has given many talks about dental health and smile makeovers throughout the state of Florida.

Her guests appreciate, her mercury free health conscious dentistry, her comfortable numbing, her gentle approach and her emphasis on prevention of disease in relation to the Mind, Body and Soul.

Dr. Nadji performs all family and cosmetic dentistry procedures and has specialists on call in case specialty care is needed. She has a passion for helping her guests achieve the "Smile of Their Dreams!" She also performs all types of dental care from Invisalign clear braces, implant restorations, cosmetic veneers and crowns to root canals, wisdom teeth extractions, tooth-colored fillings, Zoom whitening, dentures and invisible partials.
