What is CEREC?

CEREC means we can quickly and economically restore damaged teeth using a durable ceramic material that closely matches the rest of your teeth.

One of the advantages of this type of restoration is that it can be performed in a single visit, usually about one hour. With CEREC there's no need for us to make an impression and send it to a lab. You won't be sent home with a temporary crown and asked to return for a second visit. The restoration is natural looking, high grade and plaque-resistant. It allows us to be extremely precise and save more of the healthy part of your tooth.

It is metal-free for **your health** and enhances your **smile's appearance**.

It's Techno time!

Do you find our telephone reminders for your upcoming appointments helpful OR would you prefer to receive a personalized e-mail and then just e-mail us back to confirm? It's now as simple as a couple of clicks. *Let us know what works best for you.*

Would You like to have Whiter Teeth?.....

We are extending our holiday special for "Full Mouth Bleaching" at \$200.00! Let us know if you are interested and when you come in for your hygiene visit we can make impressions of your teeth at that time or call us for a quick appointment. After making the custom plastic trays we will have you come back and explain how simple the bleaching material is to use at home. It only takes a half of an hour a day for approximately 7-14 days....Call us! For more information (740)587-3001 ask for Kelly.

Big Basket Giveaway.....

We are having another fun contest for all of our patients who would like to refer friends, or family, even co-workers to be a part of our practice. The contest begins in May and will go through August. Each time a patient refers someone to us we will enter their name into the drawing for the "Big Basket".

The basket will be full of wonderful gifts such as a CEREC crown for you or a family member, a Sonicare electric toothbrush, Dinner for two, Movie tickets, Caribou coffee, and Full mouth teeth whitening!
