Register by October 15, 2009!

ODA New Dentist Seminar...

If you have been in practice 10 years or less, this is the seminar for you!

Medical Emergencies in the Dental Office - What Situations Warrant the Status "Emergency"?

Are we prepared to effectively manage a medical emergency in our office? How can we always be ready to respond appropriately when emergencies occur so infrequently? The answer...*the simpler, the better!* This course will help you develop an effective way to manage an emergency in and out of the office.

After attending this course, you will be able to:

- Plan and practice an office emergency game plan.
- Identify external sources of assistance in case of an office emergency.
- Identify health concerns that are high risk contributors to the medical emergency.
- Understand how to apply this knowledge to the office and external emergencies.
- Understand and update your "do-it-yourself" emergency kit.

SIX
Hours of CE!

Partially sponsored by the following
ODA-endorsed companies:
