### Career Week, April 19-23

Every year we invite our parents to come in and speak to our students about their chosen career. If you would like to participate in this event please sign up for "Career Week"; sign ups will be located in the front counter. For those that are considering, your presentation only needs to be about 15 minutes (hand outs are always a plus). Our students have a great time hearing and learning about different jobs and seeing diverse work attires and uniforms. It's never too early to start instilling goals for our children's future!

### A note from Ms Arilda

Put it on your calendar, June 18 will be our End of the Year Graduation & Concert. This year's theme is Disney and the children are having a lot of fun already practicing. It's hard to believe only a couple more months left and we will be looking at summer. As we get closer to summer I hope everyone is planning on joining us for some good old summer time fun. Please look for more summer information. This year we will be having great adventures as we explore the ocean, dinosaurs, outer space and much more. AMA Summer camp is creating memories that last a life time through enriching, educating and planning fun activities.
