

Birthday Celebration Form

All children are recognized on their birthday and they will not feel left out if you are unable to do anything extra. Not all parents are able to attend or have a party for their child's birthday but some parents have added a variety of simple things in celebration of a birthday. Other families have celebrated their child's birthday with a full party including characters (such as "Cinderella") or a show (such as a magic show) in lieu of having one at home or Chuck-E-Cheese's. You can bring and decorate with balloons, streamers and party favors. Parties are usually done for a child's classroom but can be done for the entire school. We are very flexible and open to having fun! If you would like to provide a full lunch, a message to inform other parents will be displayed in the sign in/out computer. Please let us know what you would like to do by completing and returning this at least 3 days before the event day! **This day is also a FREE DRESS day for your child!**

1. Birthday child's name: _____
