

Advanced Team Treatment Continuum with LIVE Surgery

Daniel Cullum, DDS
Earl M. Ness, DDS, MSD

Session 1: April 16-17, 2010
Session 2: Date TBA - Fall 2010

The purpose of the Continuum is to develop a select group of Restorative and Surgical Dental Teams who will commit to a long-term plan of interactive education and skill development in advanced implant reconstruction. The Continuum will involve guided study, group presentation and participation, live surgery observation, hands-on training, photography, comprehensive problem assessment and treatment planning.

Presentations by Dr. Ness and Dr. Cullum will demonstrate concepts, solutions and practical advice for avoiding pitfalls for long-term success in comprehensive implant treatment. To enhance the learning experience, the Continuum will utilize LIVE pre-treatment evaluation, LIVE surgery, via HD Video, and evaluation of long-term post-treatment via slides, video and direct interaction with patients. We will meet twice yearly, in different seasons, to take full advantage of the spectacular mountain and lake resort location of Coeur d'Alene. Based on the group's desire, we will tailor lecture topics and venue locations.

Accreditation Provided:
14 CE Credits/Session

Academy of General Dentistry Approved PACE Program Provider
FAGD/MAGD Credit 11/06/2007 to 11/05/2011

Tuition: US \$1995/person/session
Teams of 2: US \$1795/person/session
Teams of 3 or more: \$1695/person/session

Course Director & Speakers:

Daniel Cullum, DDS

Dr. Cullum completed his DDS with distinction at the University of Alberta, Canada and residency training at Westchester Medical Center, New York. He is a diplomat of the American Board of Oral & Maxillofacial Surgery. Dr. Cullum has had the opportunity to speak at the national meetings of the AAOMS, Academy of Osseointegration, American College of Oral & Maxillofacial

Surgeons, American Academy of Prosthodontists, as well as many state and local meetings. He has contributed a textbook chapter on implant reconstruction and served in leadership roles at both state and local societies. At Implants Northwest, he practices oral and maxillofacial surgery with an emphasis on immediate and minimally invasive techniques in esthetic implant reconstruction.

Earl M. Ness, DDS, MSD

Dr. Ness completed his DDS at Northwestern University and received his Masters of Dental Science and Certificate in Prosthodontics at the University of Washington, in periodontal and implant prosthodontics. Dr. Ness specializes in implant supported oral rehabilitation, treating functionally and aesthetically challenged patients. Dr. Ness speaks internationally as well as at state and national conferences and lectures for local study clubs. Dr. Ness is a published author and maintains successful dental practices in Spokane and Silverdale, Washington.
