

Ridge Expansion with LIVE Surgery

Daniel Cullum, DDS &
Giles Horrocks, DDS, MS

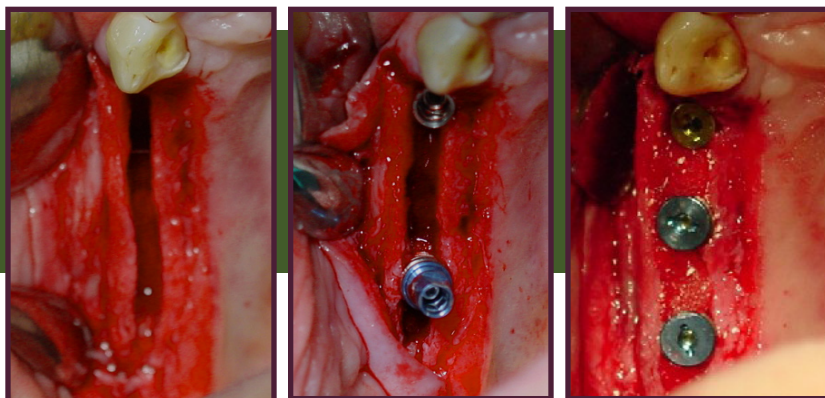

June 8-9, 2012

Coeur d'Alene Idaho

ImplantsNorthwestLIVE.com

With ridge expansion (RE) a vascular "bone flap" is developed to restore the functional proportions of the dento-alveolar complex. RE utilizes the healing potential of bone like an extraction site. Recent application of new technologies including: ultrasonic bone cutting, mechanical expanders and implant designs have simplified treatment of mandibular horizontal deficiencies. In the Maxilla, a non-traditional incision design is necessary to preserve the micro-vascular supply of the alveolus. These approaches will be reviewed including periosteal preservation, indications, contraindications, intra-operative decision-making and the management of complications. A rational approach to the introduction and progressive implementation of the techniques will be discussed.

14 CE Credits
Tuition: US \$ 1,995.

Course Director & Speakers:

Daniel Cullum, DDS

Dr. Cullum completed his DDS with distinction at the University of Alberta, Canada and residency training at Westchester Medical Center, New York. He is a diplomat of the American Board of Oral & Maxillofacial Surgery. Dr. Cullum has had the opportunity to speak at the national meetings of the American Association of Oral & Maxillofacial Surgeon, Academy of Osseointegration, American College of Oral & Maxillofacial Surgeons, American Academy of Prosthodontists,

Cuban Society of Maxillofacial Surgeons, as well as many state and local meetings. He has contributed a textbook chapter on implant reconstruction and served in leadership roles at both state and local societies. At Implants Northwest, he practices oral and maxillofacial surgery with an emphasis on immediate and minimally invasive techniques in esthetic implant reconstruction.

Giles Horrocks, DDS, MS

Dr. Horrocks is a graduate of the University of Oklahoma, College of Dentistry. He completed his specialty training in Periodontology at the Dept. of Medicine and Surgery at the Veterans Administration Medical Center in Milwaukee, WI. He received a Masters of Science degree from Marquette University School of Dentistry. Dr. Horrocks holds a teaching position at the College of Dental Medicine at the University of Colorado and is a Diplomat of the American Board of Periodontology.

Dr. Horrocks is in a private practice in Boulder, CO and limits his practice to oral plastic, regenerative, and implant surgery.
