If you are seeking uncompromising ethics and commitment to quality dental treatment, then you need to visit the state-of-the-art office of Dr. Ted Filandrianos. This advanced cosmetic and implant dentistry practice of national repute is conveniently located in Newton Centre, with ample free parking.

Dr. Ted (as he is affectionately known by his patients) and his associates provide patients with extensive treatment options and solutions. All are committed to creating and maintaining healthy, beautiful smiles that contribute to overall good health. A beautiful smile makes the ultimate fashion statement but, the benefits of a healthy mouth resonate beyond mere esthetics.

Recent studies have linked periodontal disease to coronary problems. Many people suffering from migraines may have neuromuscular/TMJ related issues. Dr. Filandrianos and Dr. Bader are highly successful in treating this condition.

Also, loud snoring punctuated with periods of silence can indicate a more serious condition: sleep apnea. The facility is one of twelve Somnodent Elite centers in the United States offering FDA approved dental appliances for mild to moderate cases of sleep apnea. Our unique partnership with Sleep Health Centers of Boston allows us to coordinate medical and dental sleep apnea therapy.

Dr. Ted and his associates are among the most distinguished dentists in the area.

Theodore D. Filandrianos D.M.D. is a graduate of Tufts University School of Dental Medicine, a member of the American Academy of Cosmetic Dentists, Fellow of the Academy of General Dentistry (awarded to only 7% of dentists in the U.S.), The Consumers Research Council of Americas "Top Dentist" for nine consecutive years, beginning in 2003.

Jean Marie Biebuyck, D.M.D. graduated from the University of Pennsylvania School of Dental Medicine and periodontal program at Tufts School of Dental Medicine. He specializes in dental implants and cosmetic reconstruction. He has successfully performed over 1000 reconstructive implant surgeries.

Angela Filandrianos-Sykes D.M.D. is trained periodontist and a graduate of Tufts University School of Dental Medicine and specializes in conservative treatment of periodontal disease.

Dr. Ted is pleased to announce the addition of two new associates. Dr Steven Bader and Dr. Barry Goldberg joined the practice in April 2012.

Steven Bader D.M.D. is a graduate of MIT and Harvard School of Dental Medicine, with Fellowship in Advanced Cosmetic Dentistry and Neuromuscular TMJ therapy from the Las Vegas Institute for Advanced Dental Studies. He also has advanced training in conscious sedation.

Barry Goldberg D.M.D. is a renowned endodontist and graduate of Tufts School of Dental Medicine and underwent additional training at Boston University's Goldman School of Dentistry and Beth Israel Hospital.

There is a tremendous level of experience in this diverse group. Exceptional diagnostic skills make it possible to offer patients a wide variety of treatment options that restore form, function and beauty.
