

TULSA COUNTY DENTAL SOCIETY FRIDAY, NOVEMBER 3, 2017 ALL DAY CE MEETING

“Airway and Sleep Prosthodontics-An Introduction to the Future of Restorative Dentistry”

Presenter: Jeffrey S Rouse, DDS

AND A CE Luncheon Program on “The Keys to Locking Out Lawsuits and Lowering Taxes”

Presenter: Benjamin T Dyches, DDS, JD

Dr. Rouse’s Course Description:

This unique presentation will focus on preventing disease rather than restoring morphology. Restoration of the teeth rarely fixes the core cause of the problem. A growing body of research is beginning to link nocturnal airway issues in adults and children to tooth wear, myofacial pain, craniofacial deficits, periodontal disease and malocclusion. This evidence-based course will provide clinicians with the foundation to differentiate between the categories of sleep disordered breathing and diagnose the variations from oral signs and symptoms. The goal is to prevent rather than maintain a damaged system. Therefore, pediatric evaluation and intervention will play a major role in the day. Dr. Rouse will conclude with a distinctive Seattle Protocol that allows the patient to assist in the creation of a plan of resolution for their breathing issues. **6 Hours CE Credits, Category B**

Jeffrey S. Rouse, D.D.S. maintains a private practice in San Antonio, Texas and practices with Drs. Gregg Kinzer and Frank Spear in Seattle, Washington. He is also an Adjunct Assistant Professor in the Department of Prosthodontics at the University of Texas Health Science Center at San Antonio and a Resident Faculty member at the Spear Education Center in Scottsdale, Arizona. After graduation from dental school in San Antonio, Dr Rouse completed a 2-year General Practice Residency at the University of Connecticut Health Science Center. He practiced family dentistry for twelve years before returning to school. Dr. Rouse received his specialty certificate in Prosthodontics from the University of Texas Health Science Center at San Antonio in 2004. He is a member of the American Academy of Restorative Dentistry, the American College of Prosthodontists, and past president of the Southwest Academy of Restorative Dentistry. Dr. Rouse has written numerous journal articles including a portion of the “Annual Review of Selected Dental Literature” published each summer in the Journal of Prosthetic Dentistry. He has a textbook published in 2016 by Quintessence titled *“Global” Diagnosis: A New Vision of Dental Diagnosis and Treatment Planning* written with his teaching partner, Dr. Bill Robbins. Furthermore, he has contributed chapters on porcelain veneers and anterior ceramic crowns to three editions of a dental textbook. Dr. Rouse lectures nationally and internationally on a wide variety of topics ranging from dental topics ranging from dental esthetics to airway prosthodontics.

Dr. Benjamin T Dyches is among a very small group qualified to both practice healthcare as a licensed provider and provide counsel for healthcare professionals and corporations. He currently cares for patients at his office in Provo, Utah, as well as providing healthcare consulting and compliance services through his firm, Aegis Protectors, and lectures on healthcare and business law and lawsuit prevention through asset protection. Dr. Dyches is passionate about protecting the providers in our society and making difficult legal concepts approachable and meaningful.

Tulsa County Dental Society is designated as an Approved PACE Program Provider by the Oklahoma Academy of General Dentistry. The formal continuing dental education programs of this program provider are accepted by AGD for Fellowship/Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement. The current term of approval extends from 05/01/2016 to 04/30/2020. ID#212398

The Oklahoma Dental Association (ODA) is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

The continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP) through joint efforts between the Oklahoma Dental Association and the Tulsa County Dental Society.
