

FAMILY DENTAL CARE

Jeremy Martin, DMD

Jon Windom, DDS

RADIANT

Perlie Watson
Retired: Industrial Sales AT&T

Before

After

Perlie, married 40 years, likes to live life to its fullest. She enjoys boating, meeting new friends, and the occasional happy hour whenever her busy social life allows.

Perlie is seldom without a smile on her face. She has always cared for her teeth, visiting the dentist on a regular basis. Over the years, restorative work had been done, a little at a time. This resulted in her teeth having different shades, new work mixed with old, and ultimately dissatisfaction with her smile.

"I became more and more self conscience about my teeth, and decided to do something about it", stated Perlie. A friend referred her to Dr.'s Martin and Windom. Following her initial consultation, she could not wait to get started.

In as little as two appointments, Perlie had the smile she always dreamed of having. "My smile now matches my enthusiasm for life. I could not be happier."

For a beautiful smile, call for a complimentary consultation and personal smile design session.
