

FECC Routine Care and Refraction Waiver

Medicare and an increasing number of commercial insurance carriers (*ex. BCBS, Medcost, UHC*) do not cover refractions.

Refraction is the part of your eye exam where the doctor places trial lenses in front of your eyes to obtain your eyeglass/contact lens prescription. You may or may not have this test performed today as part of your visit. Please let us know how you wish to proceed if such service is performed.

I have read all choices and elect: (*must choose one*)

- I am enrolled in Community Eye Care and wish use my Routine Eye Exam benefit today (no Medical issues will be addressed)

If you are enrolled with Community Eye Care, present card to staff at check in!

- Not to be refracted today
Note: your doctor will be unable to give a glasses or contact lens Rx without performing a refraction.

- Not to file my refraction to my insurance carrier.
I will receive a 25% discount on the refraction charge when paid in full at check out. I will pay \$42.00 and co-pay, deductible or co-insurance at check out today. Insurance will not be billed.

- To have Family Eye Care file refraction to my insurance carrier, understanding that, if denied, my out of pocket cost will be \$56.00. Co-pays, deductibles and co-insurance payments are expected at check out the day of service.
