

I am a big fan of Doctor Hoffman and his entire staff as they are an exceptional example of how going to the dentist should be a pleasant experience. Doctor Hoffman is a modern Dentist staying current in dentistry with knowledge and all the newest cool dental equipment. He and his staff always take the time to explain any procedure or questions I may have had in plain simple English, making it easy to understand. Also, note that you can tell how good a Dentist is by his staff and the longevity in which they have worked for him, says a lot. I have had experience on many occasions with each and every one of his staff members and they are truly knowledgeable in their areas of expertise and professional in their interactions with the patients.

I don't worry about my teeth because I have a great dentist.

I served 28 years in the Army, experiencing many terrible visits to Military and VA Dentist in which time I became quite scared to go a dentist due to the pain that I usually incurred. Fortunately, my wife who had a prior good experience with Doctor Hoffman led me to him and I have not had a bad experience with him during the five years I've been seeing him.

I have had extensive restoration of my teeth which included, Invisalign Braces (not a bad experience at all and people couldn't even tell I wore them), fillings, crowns, implants, root canals and cleanings. All of this and no bad experiences or pain! Doctor Hoffman truly improved my bite, prevented loss of teeth, relieved prior dental pain, repaired damaged and decayed teeth, replaced two missing teeth, and totally restored my mouth to allow me normal eating and chewing and according to my wife a better smile. My only regret was I didn't meet Doctor Hoffman years sooner.

I have always felt that Doctor Hoffman and all his Staff are dedicated and committed to providing the best dental service available in today's environment and that their compassion and care are evident in every visit I have had in their office. To Doctor Hoffman and all his Staff, I thank you for all the services you have provided me and will continue to provide. Thank You!

Steve.
