

LIMITED WARRANTIES FOR DENTAL PROCEDURES

Actively practicing preventative dentistry is the key to a healthy mouth. This involves regular cleanings & exams, proper brushing and flossing regimen, and any other treatments recommended by your dentist and hygienist. With proper care, your teeth and gums will be healthy and beautiful!

At Fox Chapel Advanced Dental Care, it is our goal to satisfy each and every patient. We stand behind our work 100%, and back it up with our warranty, a reassurance many practices do not offer.

Composite Fillings – For a period of one year from the date of service, Fox Chapel Advanced Dental Care will repair a composite filling due to breakage, misfit, or decay resulting from the dental procedure.*

Crowns and Bridges - Two years from the date of service, Fox Chapel Advanced Dental Care will repair a crown or bridge due to breakage, misfit, or decay. This is at no extra cost to the patient during the warranty period. Any repairs after that period will be assessed the regular fee.*

Night Guards – For a period of one year from the date of service, Fox Chapel Advanced Dental Care will replace or repair a night guard if there is breakage, misfit, or excessive wear resulting from laboratory defects.*

*All warranties are subject to change without notice. Warranties are contingent upon a patient maintaining a regular six month exam and cleaning with Fox Chapel Advanced Dental Care after the procedure has taken place. All warranties are considered null and void otherwise.
