

Root Canal

- 1. Take 3 ibuprofen every 4 hours for the next 2 days.**
- 2. Continue taking the antibiotic you were given. You should have 5 days left.**
- 3. The temporary filling will wear away some. Do not worry, even though it feels like it is gone, the filling is still there!**
- 4. The tooth will be tender for up to 2 weeks. If the tenderness lasts longer than 2 weeks, call the office at (217) 442-4267.**
