Dear Dr. Martinez,

On behalf of Clearview Church, I'd like to personally thank you for the benefaction service you provided to someone we referred to you recently. We appreciate that you have the same heart as we do, to provide practical means of help and service to those who are hurting and in need during their times of struggle.

Reaching out and helping people with the love of Jesus, and practical means of service when the opportunity presents itself, is a core value of our Church Vision here at Clearview Church. If not for you, your wife, and your staff stepping in to assist in this area, the individual might still be in pain for not attending to their condition. Your assistance was not only a significant impact to their much needed physical condition, but you displayed an act of kindness that helped them to see how the church and well meaning people like yourself, actually do care for someone. And when the condition of prayer and commitment to intervene with the right help are present, God's hand of mercy, grace, love, and provision can easily step in through the hands of real people to meet a need.

Once again, on behalf of Clearview Church, thank you for the generous contribution you made by treating this benefactor with dental services.

May you be Richly Blessed,
