Alexander P. Ataii, M.D.

Dr. Alexander P. Ataii, M.D. is the Medical Director of Laser Clinique. His educational base ranges from Harvard University, the University of California at Berkeley to the University of Southern California. Dr. Ataii is certified in the American College of Phlebology, American Academy of Laser Medicine and Surgery, American Academy of Anti-Aging Medicine, and the American Academy of Cosmetic Surgery. Although he calls Laguna Beach home, he now resides in Torrey Hills, servicing his new community.

Dr. Payam C. Ataii, D.M.D., Director of Laser Dental Center, offers a decade of expertise to Laser Clinique. His educational base ranges from the University of Southern California to Tufts University School of Dentistry and Clinical Professor at University of Southern California. He has been practicing in Orange County for the past 10 years and is now bringing his much sought after experience to Laser Clinique. He is one of the top five dentists who practices Laser Dentistry in Southern California. Dr. Ataii has been featured in various magazines, on national television such as *NBC*, *ABC*, and *KTLA* as well as talk shows for his contributions to the field of dentistry.

Their facility, Laser Clinique, is a state-of-the-art facility where the discipline of Medicine & Surgery as well as Dentistry have been combined to treat all of your cosmetic needs. This concept was first derived when Dr. Ataii, a cosmetic physician, and his brother, a cosmetic dentist, combined their respective specialties. After extensive news and media coverage of their unique pain-free technology, Laser Clinique is now proud to present the same care to the San Diego community. Laser Clinique offers the most modern laser technology and is the premier center for cultivating future educational services to other physicians.

Procedures range from Laser Skin Treatment, Lip and Skin Enhancements, Mesotherapy, Sclerotherapy Vein Treatments, Laser Mercury Detoxification(sm), Laser Brite Teeth Whitening(sm), Non-corrosive Crowns, Fillings and Invisalign® Orthodontics for adults and children. All of these services take place in a tranquil, comfortable atmosphere aiming to alleviate daily stress.

Drs. Alexander Ataii and Payam Ataii have recently joined our editorial advisory panel to assist in Aesthetic Trends' continual support of the aesthetic medical community by offering trends and technologies to address the ever-changing market we serve.
