San Luis Obispo CA 93401*

On behalf of our team, we welcome you to our dental practice. We are pleased you have selected us to care for your dental needs. We want you to know that we are committed to providing you with the highest quality of oral health care, in the most gentle and efficient manner possible. Our dental team uses every means to make receiving dental care a pleasant experience.

We believe in preventive dental care. At your first visit, we will complete an oral examination. A current set of full mouth x-rays is a necessary part of this examination and will be taken if not provided. A treatment plan that addresses your specific dental needs will be prepared and reviewed with you. After your examination we will schedule an appointment with a hygienist for your dental cleaning. We want to help you control tooth decay and prevent periodontal disease, and with your cooperation we can help you keep your mouth healthy.

Enclosed you will find our patient registration and health history forms. Please complete both forms and bring them with you to your appointment. If you have dental insurance please bring your insurance information.

We appreciate the value of your time. Except for emergency situations, you can expect us to be on time for you. We appreciate the same courtesy and ask you to provide us 48 hours notice should you be unable to keep your appointment so your reserved time can be made available to another patient.

We appreciate your decision to become part of our dental family and look forward to meeting you. We want to make you comfortable and are here to answer any questions you may have.

Sincerely,

Dr. Sarah Krueckel, D.D.S.
