### Am I on vacation or at the dentist?!

No, you're not on a tropical island awaiting your fancy coconut drink. You're in the new dental offices of Danville residents Dr. Roger Chang and his wife Lisa, which have 17 dental specialists.

The pediatric office looks like a Disney attraction, the orthodontic office looks like a cross between ESPN Zone and Planet Hollywood, and the adult office looks like a day spa.

Chang has been practicing since 1983, and these new offices at Gale Ranch in San Ramon are the culmination of his desire to offer patients an experience as opposed to just a trip to the dentist.

"I'm always on the lookout for a better way to serve our patients and provide them with a memorable, safe and healthful experience from the moment they walk through the door," said Chang.

They are holding an open house from noon-3 p.m., Saturday, June 6, in conjunction with a Family Fun Day at the Plaza at Gale Ranch.
