FINANCIAL POLICY

Cash patients are expected to pay by cash, check or credit card on the day the service is rendered unless specific arrangements are made in advance.

For those patients who are covered by insurance, we will accept assignment of benefits. This means that you must sign an authorization form that “assigns” payment to our office. Most dental insurance plans do not cover 100% of the cost of treatment. Because of this, and the extreme delay in receiving payment from the insurance company, you will be asked to pay your deductible and your portion of the charges on the day that services are rendered. We will estimate as closely as possible your coverage until we actually receive the payment from the insurance company, but the ultimate responsibility lies with you. After 60 days, the balance will be due in full from you.

Contracts may be set up with patients to facilitate treatment plans. Ask our front office manager for details if you need alternate financial arrangements.

Feel free to ask questions that remain unanswered either before or after treatment. We wish to be of assistance whenever possible.

I have read and understand the above financial policy
