### INSURANCE BILLING

We will gladly bill your insurance for services provided at this office; however, we do need your help. It is impossible for us to know the terms and conditions of every insurance policy.

1. Please make sure we are given a copy of your most recent insurance card. Many companies have/are changing their identification number(s).
2. KNOW YOUR COVERAGE! You should know the amount of your co-pay, the amount of your deductible, annual maximum, and any limitations or exceptions set in your coverage. If you have questions about your plan, the best source for answers is the 800 number on your card.
3. Please make all co-pays at time of service
4. If you are *not* the subscriber on your plan, please provide the date of birth, social security number of that person and your relationship to that individual.

We will do our best to work with your insurance to get their payment for services; however, please remember that ultimately you are responsible for payment of any and all charges.
