

Sunshine Dental, P.C.

Private, Professional Dental Practice

February 3, 2012

Dear Principal,

The Month of February Celebrates National Children's Dental Health Month. Once again Dr. Panjali and the staff at Sunshine Dental, P.C. would like to help your students celebrate and learn the importance of good oral hygiene. Sunshine Dental will join with the **American Dental Association** in celebrating National Children's Dental Health Month by sponsoring two area-wide contests with this year's theme: **"Rock Your Smile!"**

The contest is for students in grades K-5: An Essay Contest for grades 4-5, and a Coloring Contest for grades K-3. The goal of the contest is to help promote a healthy lifestyle through proper care and cleaning of teeth and gums. All students will receive a certificate for their participation.

The top three students from every school (in each contest) will receive a prize and be entered into the area-wide contest. Of those entered in the area-wide contest, **three** will be chosen from each category to receive our Grand Prize Awards of U.S. Savings Bonds.

Also included are contest rules, a sample template for the coloring contest, and a School Entrance Form. **A reception will be held in March to recognize and celebrate our Grand Prize winners.**

We look forward to this year's participation, and hope that we can top last year's participation **of 15 local schools, 84 classes and 1,412 entries.** In addition to the contest, we would welcome the opportunity to speak with your students about the importance of proper oral hygiene. We are available at different times throughout the month of February for classroom or assembly visits. If you would like to schedule a visit to your school please contact our office.

We look forward to celebrating National Children's Dental Health Month!

Sincerely,
Dr. A. Panjali,
Sunshine Dental, P.C.

P.S. For more information on the contest contact Mary Beth Renaud at 519-1531 or 783-4541.
