COURSE DIRECTOR - AEKLAVYA PANJALI, DDS, FAGD, DICOI

Dr. Aeklavya Panjali is a graduate from New York University. He received his advanced implant training from Germany in 1992, and at New York University. He is a Fellow of the Academy of General Dentistry, a Fellow and Diplomat of the International Congress of Oral Implantologists.

He is an active member of several dental organizations and serves on the Board of Advisors to Den-Mat. Dr. Panjali has been featured in several newspaper articles, TV and Magazines for his outstanding achievements as a general dentist. Over the years he has been developing techniques that would help general dentists to place implants more predictably. He is presently working on clinical trials that would increase success rate with immediate placement.

Dr. Panjali has lectured on Dental Implants nationally and internationally. Dr Panjali owns and operates an active private practice in Watertown, New York, with an emphasis on Cosmetic & Implant Dentistry.

After Taking This Course Participants Will Be Able To:

- Understand basic principles for immediate placement and applicability in restoring single tooth implants.
- Diagnose and treatment plan single tooth immediate placement.
- Basic knowledge of bone grafting materials utilized in immediate placement.
- Principles of Guided Tissue Regeneration.
- Predictably perform immediate implant placement.

Course Outline

Day 1:

- One stage, two stage vs. immediate placement.
- Anatomical considerations and limitations.
- Diagnosis and Treatment Planning.
- Soft and Hard tissue principles.
- Interpreting CBCT and Radlographs.
- Surgical Guides.
- Perform atraumatic extractions.
- Minimally invasive implant placement.
- Understand the mechanics and biomechanics of bone grafting materials.
- Socket Preservation and minimally invasive bone grafting.
- Platelet Rich Plasma.
- Membranes, Biologic Basis, and Techniques.
- Case Presentation.

Day 2:

- Complications.
- Hands-On Bone Grafting.
- Case Discussion.

The course is intended to be an educational program only. Neither New York Implant Institute or it's members endorse any particular product or company.
