**DENSPLY**

**HENRY SCHEIN®**

COURSE DIRECTOR - AEKLAVYA PANJALI, DDS, FAGD, DICOI

Dr. Aeklavya Panjali is a graduate from New York University. He received his advanced implant training from Germany in 1992, and at New York University. He is a Fellow of the Academy of General Dentistry, a Fellow and Diplomat of the International Congress of Oral Implantologists.

He is an active member of several dental organizations and serves on the Board of Advisors to Den-Mat. Dr. Panjali has been featured in several newspaper articles, TV and Magazines for his outstanding achievements as a general dentist. Over the years he has been developing techniques that would help general dentists to place implants more predictably. He is presently working on clinical trials that would increase success rate with immediate placement.

Dr. Panjali has lectured on Dental Implants nationally and internationally. Dr Panjali owns and operates an active private practice in Watertown, New York, with an emphasis on Cosmetic & Implant Dentistry.

### After Taking This Course Participants Will Be Able To:

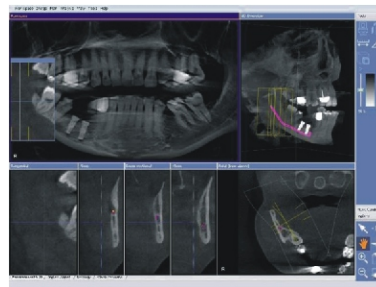

- Establish a basic foundation and understanding of Dental implants, their biological basis and applicability in restoring single edentulous areas.
- Diagnose and develop treatment plans for single tooth implants.
- Predictably place and restore single tooth implants.
- Understand and manage complications with single tooth implants in both anterior and posterior region.
- Gain confidence, improve clinical knowledge and skills to establish successful implant dentistry practice.

The course is intended to be an educational program only. Neither New York Implant Institute or it's members endorse any particular product or company.
