

12.9.09

To Mr. Matt Bunchman and staff at Premier Dental of Evergreen.
I would like to thank the staff and especially Mr. Bunchman for the kind and painless wonderful treatments received regarding dental work.

Because of the new night guard my teeth no longer ache in the morning.

Mr. Bunchman has renewed my faith in dentists.

I was always petrified on visiting the dentist after some horrible experiences I had received from dentists as a child.

I felt no pain at the hands of Mr. Bunchman (even the numbing shots).

I would recommend Premier Dental to anyone.

Respectively yours
