

LATE CANCELLATION/FAILED APPOINTMENT POLICY

In an effort to keep our costs low and provide affordable dentistry to our patients we have enacted the following:

We reserve the right to charge for failed appointments and appointments cancelled with less than 24 hours (1 full business day) notice.

While we do not like to assess fees, these situations cause us to lose valuable treatment time we could have offered to our other patients.

Thank you for your understanding with regards to this matter.
