I'd love a smile makeover, but I don't know if my dentist can help me

Do you want your patients to think of your practice when they are contemplating having cosmetic work done or even a complete smile makeover?

Would you like tools to grow your patient base while increasing case acceptance?

Call us to discover how the AC Dental Esthetic Institute Partnership Program can help you do this and so much more.

AC DENTAL PARTNERSHIP PROGRAM

At AC Dental we understand there are many "crown & bridge" guys out there but that's not us and it never has been. We understand there's much more to a successful Doctor/Laboratory relationship than just providing a great restoration. This is the driving force in everything we do and hopefully the reason why our doctors view us a partner rather than just another vendor.

CONSISTENT QUALITY CRAFTSMANSHIP

Each restoration must pass the strictest of quality control standards prior to leaving our facility.

CUSTOM SHADE MATCHING

We're more than happy to send one of our custom shade technicians to your office to assist you in matching that perfect shade.

TREATMENT PLANNING & CHAIR SIDE ASSISTANCE

Do you need help treatment planning a case, don't hesitate to call and ask to speak with one of our treatment planning specialists. As technical consultants for all the major implant companies we are more than happy to assist you in any way we can.

MARKETING YOU AND YOUR PRACTICE

Marketing is a part of every decision you make, from the way you decorate your office, speak to your patients and design your business cards. It is a necessity to keep your practice thriving, especially in these difficult times. We provide our partner doctors with a wide range of complimentary internal & external marketing tools to assist you grow your patient base and increase case acceptance.

SAFETY ASSURANCE

With the uncertainty of the safety of dental restorations and the materials used to fabricate them and the unregulated foreign markets you can rest assured each restoration we provide you with is made in the United States using only FDA approved materials.

Seeing Is Believing

Which of these smiles do you think people would find more attractive and appealing in another person? More importantly which smile would they want for themselves?

The smile on the left was achieved using Zirconia All-Ceramic copings. There are many systems available to choose from, but there isn't a laboratory more experienced working in the medium of Zirconia than the experts at AC Dental Esthetic Institute.

DENTAL Esthetic Institute
