

To Everyone at the Aesthetic Dental Practice:

What a surprise! I'm bowled over by your kindness and generosity. I love Harney's teas and I can't wait to try this one, and all the goodies, as well.

But it's I who want to thank you for your care and support, both professional and personal, over the past few months. I look forward to my visits to your office, and how many dental patients can say that with a smile?

Thank you for the beautiful gift. Happy holidays  
Best regards - Judy Hirsch
