

Twelve Bridges Dental Patient Testimonial

6-19-09

After my dentist moved away I was concerned trying to find a great dentist like the one I had. A dear friend of ~~my~~ mine told me about Dr. Zanzi, so I started to look into them. What was very important for me was the service and patients that they would have for me and my family, and I found it here. I did not have problem with my coverage, because Cheryl knows her stuff. My experience have been great and I feel like I have been a patient since day one. Now many of my family, friends and even co-worker's come to Dr. Zanzi.

Thank you so much for everything and taking good care of all my needs.

wishing you success always,

Marcy Camacho
