

Twelve Bridges Dental Patient Testimonial

June 15, 2009

Having moved a dozen or so times during my husband's military career, I have dealt with numerous dentists. The Dr Yanzi's easily rate among the top. I recommend them to every new military move-in.

From beginning to end, I am impressed by the quality of care at this office. Cheryl and the receptionist are real people persons. The hygienists are welcoming and friendly. ~~At~~ The Dr Yanzis are knowledgeable and technically skillful.

I love the technology — from the vibrating chairs to the educational videos.

I was totally won over after our first visit when Mrs Dr Yanzi called to make certain things were OK following anesthetic and a filling. How many dentists phone patients following procedures? — Simply a class act!
