

Twelve Bridges Dental

Patient Testimonial

Choosing a new dentist is always an intimidating process. The list of approved offices from the insurance agency gives no indication of which one will fit your lifestyle the best. Lucky for me, when I chose 12 Bridges Dental Group, it was a perfect fit. Past experiences at other dental offices have made me anxious and afraid of even the most routine cleaning appointments.

From the time I stepped in the door at 12 Bridges Dental Group, I felt at ease. Every single person on the staff welcomed me with a smile and made me feel comfortable about my appointment. Every time I had cleanings in the past at other offices, they were painful and full of stress. Dr. Mrs. Zanzi and her staff are completely different from any other dentist I have been to. She is so gentle and talks me through every part of the appointment so that I am comfortable with my treatment. Even getting my cavities filled was a gentle and relaxing experience! I will never go to another dentist and am so happy to have found 12 Bridges Dental Group.
