

# Twelve Bridges Dental Patient Testimonial

6-16-09

After moving to Lincoln I tried two different dentists in the area and was not satisfied with the service I received. My first visit to Dr. Zani's office I immediately knew I would be ~~happy~~ happy and then proceeded to schedule my husband and children for check-ups. We have all been visiting the office for over three years and we continue to be grateful for Dr. Zani's dental care and for the organization and service that has remained consistent with all of the staff.

We Thank you for such wonderful Service!
