

Louis D. McDonald, DDS

McDonald Dental

Dr. Louis McDonald and the McDonald Dental Team have been creating beautiful smiles in Houston for more than 26 years. Because of his commitment to improve each patient's overall oral health, Dr. McDonald continually educates himself and has trained at the prestigious Las Vegas Institute for Advance Dental Studies. Since he believes dental health is linked to longevity, Dr. McDonald strives to educate his patients on the benefits of preventative care.

Each of the 11 state-of-the-art dental operatories at McDonald Dental is equipped with the most advanced technology available in order to diagnose patients' treatment needs. Dr. McDonald's relaxing chair-side manner, along with a serene, comfortable environment, allows patients to feel confident that they are making the most educated choices regarding their best treatment options.

Dr. McDonald is dedicated to dental excellence. Whether a porcelain crown, veneer, filling or routine dental care, Dr. McDonald and his team look forward to giving you something to smile about!
