I finally got a new computer with windows 10 . before I had windows 98 on dial up !
But I'm still using my 1950s old parents fone with the rotary dial in the kitchen. It still works. Its older than the Aspen dental commercials Paula Walach

Dr. Pandolfo is the best! Always 5 star! I have been going to her for my periodontal work for quite a number of years now. She is meticulously thorough, highly professional and a warm and caring dentist. I have not had one bad experience in all the years she has been taking care of my teeth. She readily answers any and all questions I may have about work she is about to do on my teeth or a procedure she and I set up for a future appointment. I wouldn't think of going to anyone else! Again, she is the best.

I am a 25-year patient of both Dr. Pandolfo and Dr. Saati and I couldn't feel cared for more or any better! Recently I developed an unrelated health complication and Dr. Pandolfo decided it was safer to not perform my scheduled procedure. I was not assessed a minimal fee for her lost time. My most recent visit completed this delayed procedure after regaining medical clearance. She and her team of professionals have always performed in a first-class manner. Where else today can you expect to have this level of impeccable personal health care delivered?

This office is deceiving. They quote a price conveniently forget to inform you that they don't have agreements with your insurance company then after they do the procedure tell you that not only do you owe your copay portion you owe what the insurance would not pay because they don't have an agreement with insurance they can charge what they want and charge the patient the difference. .

I have been a patient of Dr. Pandolfo's for 20 years. In all that time I have been impressed not only with Dr. Pandolfo, but with every member of her staff. Dr. Pandolfo's professionalism and commitment to our health and our comfort during treatment is exemplary. It is only surpassed by her warm personality and caring concern that we understand and agree with her recommendations. I can't say I look forward to going to the oral surgeon, but going to Dr. Pandolfo makes it a lot less scary or unpleasant.

My family and I have been Dr. Pandolfo's patients for about twenty years. Dr. Pandolfo is a very thorough, meticulous, and genuinely cares about her patients. She will work with you to totally and thoroughly take care of what's required for you

individually. In addition, she's one of the nicest people you will ever meet. Her ability to put you at ease the minute you walk in the door really sets the mood for your entire visit. Of course, her entire staff is just as attentive and caring. It may sound strange, but we do enjoy our appointments!

My family and I have been patients of Dr. Pandolfo for over twenty years. In addition to being an excellent, meticulous Doctor, Dr. Pandolfo is one of the nicest people you'll ever meet. She genuinely cares about her patients - that care is displayed in so many ways ... by the way she greets you to the way she explains whatever procedure may be needed, alternatives, etc. Bottom line, Dr. Pandolfo is our No. 1 partner in maintaining our oral well-being. An excellent Doctor has to have an excellent Staff. Dr. Pandolfo certainly has that as well.

My recent visit to Dr Pandolfo's office was very satisfying as usual. They address my questions and concerns thoroughly and honestly, and continue to educate me on how to maintain the best dental health via thorough and consistent home care. Most people don't look forward to going to a dentist however, being a patient for more than a decade, it's like returning to a ' warm and genuinely caring family' who provides the most excellent and up-to-date health care possible.

Had a routine cleaning and received good feedback about my home cleaning efforts. "Keep it up...whatever you're doing really works."

This office has incredible staff. Always very professional, warm and friendly. I don't particularly care for the wait time. I show up to my appointment on time and always wait at least 25 minutes or more. My time is very valuable. This needs to improve significantly!

I have had several gum surgeries due to moderately severe periodontal disease and with each one I am amazed at how natural the results look. Dr. Pandolfo applies artistry to her surgical skill. Additionally, she is incredibly nice and works hard to educate patients in the evaluation of their mouths. Jackie, the Hygienist, is also extremely good. After each cleaning it looks like I had my teeth professionally whitened and she is also extremely nice and really cares about working with patients to educate them on the practice good oral hygiene. The entire practice makes you feel at ease with their courtesy. I would highly recommend Dr. Pandolfo and her practice to anyone in need of periodontal work.

I truly love Dr. Pandolfo and her staff and could not be MORE satisfied with the the work that I have had done (gum surgery and follow-up cleanings). Dr. Pandolfo and her staff are professional, very knowledgeable, accomodating, but most importantly, I do not feel like a "number". The service is very attentive and personal to your needs. I am very pleased with the results; I will (and have) returned for additional work needed and feel great to be able to refer a doctor, such as Dr. Pandolfo.
