My latest endeavor is in H2 applications through the Biolux unit. To see the research, go to www.jtimrainey.com and click on the Biolux..... link. Keep in touch, As usual, you will be asleep as this life altering information passes your desk. H2 research has documented more than 170 immune functions that are upregulated by the hydroxy radical savaging action of the H2. One of the latest is documentation that indicates REVERSAL of Parkinson's disease. (<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC4865993/> Our previous randomized double-blind study showed that drinking hydrogen (H2) water for 48 weeks significantly improved the total Unified Parkinson's Disease Rating Scale (UPDRS) score of Parkinson's disease (PD) patients treated with levodopa. We aim to confirm this result using a randomized double-blind placebo-controlled multi-center trial)
