Dental Health Plan

Terms and Conditions

The Dental Health Plan is not insurance. It provides savings on your dental needs. It's a special plan offered by Northwest Family Dental that helps individuals and their families save on their dental care.

This is a 1 year contract. After 12 months, your Dental Health Plan must be renewed or your membership will automatically be terminated. Any unused benefits cannot be rolled over to the following year and the contract cannot be canceled after services have been rendered. Membership is not transferable, nor refundable. Your anniversary month will be the month you joined.

The 10% savings includes all treatment costs, not including whitening gel, fluoride toothpaste or other retail items. If you are referred to a specialist you must pay their fees for services rendered. This is only a benefit for patients of Northwest Family Dental, and to be used for services at Northwest Family Dental. If paying for services using cash, check or debit card you will save 10%. If using Care Credit or credit card your savings will be 5%.

Payment for the Dental Health Plan is due in full at enrollment. If further dental treatment is needed, payment is due in full at the time of treatment, or paid using Care Credit. Note: Care Credit financing is not an available option for the initial enrollment fee.

I have read the terms and conditions and understand them to the full extent. I have been given the opportunity to ask questions and have had all of them answered. By signing below, I agree to enroll in the 1 year contract for the Dental Health Plan offered through Northwest Family Dental.
