

ELECTRONIC TRANSMISSION RELEASE

I give permission for the office of Robert A. Levine, D.D.S. to electronically transmit my, or my dependants, personal information to me without the benefit of encryption. The reason for encryption is to make it more difficult for undesignated third parties to have access to the email. If, at any time, I wish to have my information sent with encryption, I will notify the office of this change in written form, by regular mail, fax, in-office form, or email.

Print name(s) (patient and/or dependents)

Signed (patient and/or parent/guardian)
