

I have a fear of the dentist. Yes, the trauma I had as a child still lingers into adulthood. Therefore, it has been hard to find a dentist. However, Dr. Gulati is AWESOME! She understands my fear, and walks me through everything. She even gives me some breather moments when I start to tense up. Although, my fear still lingers, I feel I am in excellent hands with her and her staff.

Recently visited Liberty Dental for my dental appointment and got filling for my teeth. It was smooth and easy and Dr. was able to make nice and good teeth back and her staff was also very helpful and was able to accommodate quick appointment and guided on entire process. I definitely refer this place.

I've been a patient for 4+ years & have only good things to say about Dr. Gulati and her staff. Professional, courteous and flexible with appointments, I'd recommend her to all my friends and family.

-S.P

Been customer for 8 years best Dental facility. Knowledgeable and friendly staff.

-U.M

My whole family goes to Liberty Dental and is happy with the visit. The doctor and entire staff are very friendly and kind. Dr. Gulati makes sure any treatment that needs to be done is complete. And with having a busy schedule on the weekdays, they are also open on weekends which are great.

-M.S

Been with Dr Archana from last 8 years. Weekend works great for our family as we are not local to Fremont. Excellent staff and service. Do I need to say more!
